## AUTHORS

**Abramson L:** surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa  
**Acosta JM:** gallstone migration in acute pancreatitis, 14, July, oa  
**Alexander JW:** relevance of nutrition to infection and sepsis, 50, Aug, s  
**Anderson KD:** necrotizing enterocolitis, 57, Nov, s  
**Ban JL:** surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa  
**Bell MJ:** necrotizing enterocolitis, 57, Nov, s  
**Blackwood J:** how do cancers grow: doubling times, cell kinetics, Dr. Darwin and Mr. Gompertz, 41, Oct, oa  
**Buchwald H:** morbid obesity, 54, July, s  
**Buls JG:** rectal prolapse, 54, Sept, s  
**Carwell GR:** cutaneous wounds, 73, Dec, s  
**Cerra FB:** relevance of nutrition to infection and sepsis, 50, Aug, s  
**Clark DE:** surgical suture materials, 33, July, oa  
**Cleator IGM:** diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
**Conti S:** cutaneous wounds, 73, Dec, s  
**Corman ML:** rectal prolapse, 54, Sept, s  
**Criado FJ:** the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 103, Oct, oa  
**Cuono CB:** cutaneous wounds, 73, Dec, s  
**Dagher FJ:** cutaneous wounds, 73, Dec, s  
**Demuth RJ:** amnion: a useful biological dressing, 65, Aug, oa

**Dias LC:** indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa  
**Dolph JL:** amnion: a useful biological dressing, 65, Aug, oa  
**Donahue PE:** indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa  
**Edwards WH:** the surgical management of proximal subclavian-vertebral artery stenosis, 11, Sept, oa  
**Eiseman B:** data base and recall system for surgical decisions, 53, Dec, oa  
**Ellis H:** the umbilical hernia of Queen Caroline, 83, Nov, oa  
**Fischer JE:** relevance of nutrition to infection and sepsis, 50, Aug, s  
**Ganske JG:** amnion: a useful biological dressing, 65, Aug, oa  
**Goldberg SM:** rectal prolapse, 54, Sept, s  
**Gomez CS:** morbid obesity, 54, July, s  
**Greenfield LD:** the role of interstitial irradiation in the treatment of thyroid cancer, 36, Sept, oa  
**Griffen WO:** morbid obesity, 54, July, s  
**Haimovici H:** rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa  
**Harrison RC:** diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
**Hinshaw JR:** cost effectiveness of tests to determine etiology of jaundice, 50, July, oa  
**Kavner D:** noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa  
**Lavery I:** rectal prolapse, 54, Sept, s  
**Lee B:** noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa

**Levine MG:** management of gunshot wounds, 11, Nov, oa  
**Martin LW:** necrotizing enterocolitis, 57, Nov, s  
**Mason EE:** morbid obesity, 54, July, s  
**Mattox KL:** hepatic trauma, 103, Oct, s  
**McCann WJ, Jr:** noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa  
**Miller SM:** amnion: a useful biological dressing, 65, Aug, oa  
**Montague ACW:** the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 123, Oct, oa  
**Mulherin JL, Jr:** the surgical management of proximal subclavian-vertebral artery stenosis, 11, Sept, oa  
**Nance FC:** hepatic trauma, 103, Oct, s  
**Nyhus LM:** indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa  
**Ochsner A:** reflections, 64, Oct, oa  
**Pandeya NK:** surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa  
**Peacock EE, Jr:** cutaneous wounds, 73, Dec, s  
**Persky L:** therapeutic application of epsilon aminocaproic acid in the urology patient, 23, Sept, oa  
**Randolph JG:** necrotizing enterocolitis, 57, Nov, s  
**Rush B:** how do cancers grow: doubling times, cell kinetics, Dr. Darwin and Mr. Gompertz, 41, Oct, oa  
**Schwartz SI:** sexual dysfunction, 31, Aug, oa  
**Selman SH:** therapeutic application of epsilon aminocaproic acid in the urology patient, 23, Sept, oa  
**Stallings JO:** surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa  
**Strom L:** management of the diabetic during surgery, 85, Oct, oa  
**Swan KG:** management of gunshot wounds, 11, Nov, oa  
**Swan RC:** management of gunshot wounds, 11, Nov, oa  
**Syed AMN:** the role of interstitial irradiation in the treatment of thyroid cancer, 36, Sept, oa  
**Takahashi M:** vascular rings, 11, Dec, oa  
**Thomas CG, Jr:** rectal prolapse, 54, Sept, s  
**Touloukian RJ:** necrotizing enterocolitis, 57, Nov, s  
**Trainor FS:** noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa  
**Trunkey D:** hepatic trauma, 103, Oct, s  
**Tucker BL:** vascular rings, 11, Dec, oa  
**Vescia FG:** medicine in the Tuttle era, 59, Oct, oa  
**Walt AJ:** hepatic trauma, 103, Oct, s  
**Wangensteen OH:** reflections, 37, Aug, oa  
**White TT:** diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
**gallstone migration in acute pancreatitis, 14, July, oa**

## SUBJECTS

### ABDOMINAL SURGERY

gallstone migration in acute pancreatitis, 14, July, oa  
hepatic trauma, 103, Oct, s  
indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa  
necrotizing enterocolitis, 57, Nov, s

### ALGORITHMS

a data base and recall system for surgical decisions, 53, Dec, oa

### AMINO ACIDS

relevance of nutrition to infection and sepsis, 50, Aug, s

### AMNION

amniot: a useful biological dressing, 65, Aug, oa

### AMPUTATION

noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa

### ANASTOMOSIS, ARTERIAL

the surgical management of proximal subclavian-vertebral artery stenosis, 11, Sept, oa

### ANEURYSMECTOMY

sexual dysfunction, 31, Aug, oa

### ANTRECTOMY

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa

### AORTOILIAC DISEASE

sexual dysfunction, 31, Aug, oa

### ARTERIAL OCCLUSION

rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa

### BARIATRIC SURGERY

the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 123, Oct, oa  
morbid obesity, 54, July, s

### BILIARY TRACT

cost effectiveness of tests to determine etiology of jaundice, 50, July, oa  
gallstone migration in acute pancreatitis, 14, July, oa

### BRONCHIECTASIS

reflections of Dr. Alton Ochsner, 64, Oct, oa

### BYPASS, GASTRIC

the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 123, Oct, oa  
morbid obesity, 54, July, s

### CANCER

how do cancers grow: doubling times, cell kinetics, Dr. Darwin and Mr. Gompertz, 41, Oct, oa  
the role of interstitial irradiation in the treatment of thyroid cancer, 36, Sept, oa

### CARDIOVASCULAR SURGERY

vascular rings, 11, Dec, oa

### CAROTID SURGERY

the surgical management of proximal subclavian-vertebral artery stenosis, 11, Sept, oa

### CAVITATION

management of gunshot wounds, 11, Nov, oa

### COLLAGENOLYSIS

cutaneous wounds, 73, Dec, s

### COLON AND RECTAL SURGERY

rectal prolapse, 54, Sept, s

### DIABETES MELLITUS

management of the diabetic during surgery, 85, Oct, oa

### DIVERTICULOSIS

a data base and recall system for surgical decisions, 53, Dec, oa

### ENDOCURIETHERAPY

the role of interstitial irradiation in the treatment of thyroid cancer, 36, Sept, oa

### EPITHELIALIZATION

cutaneous wounds, 73, Dec, s

### ESOPHAGUS

vascular rings, 11, Dec, oa

### GALLSTONES

gallstone migration in acute pancreatitis, 14, July, oa

### GANGRENE

noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa

### GASTRIC SURGERY

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 123, Oct, oa  
indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa  
morbid obesity, 54, July, s

### GLYCEMIC CONTROL

management of the diabetic during surgery, 85, Oct, oa

### GUNSHOT WOUNDS

management of gunshot wounds, 11, Nov, oa

### HEMOSTASIS

therapeutic application of epsilon amino-caproic acid in the urology patient, 23, Sept, oa

### HIRSCHSPRUNG'S DISEASE

necrotizing enterocolitis, 57, Nov, s

### HISTORY OF MEDICINE

medicine in the Tutttian era, 59, Oct, oa  
reflections of Dr. Alton Ochsner, 64, Oct, oa

reflections of Dr. Owen Wangenstein, 37, Aug, oa  
the umbilical hernia of Queen Caroline, 83, Nov, oa

### HYPERGASTRINEMIA

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa

### IMPOTENCE

sexual dysfunction, 31, Aug, oa

### INCONTINENCE, FECAL

rectal prolapse, 54, Sept, s

### INFECTION

relevance of nutrition to infection and sepsis, 50, Aug, s

### INTUSSUSCEPTION

rectal prolapse, 54, Sept, s

### IRRADIATION

the role of interstitial irradiation in the treatment of thyroid cancer 36, Sept, oa

### ISCHEMIA

noninvasive assessment of wound healing potentials and determination of amputation level, 20, July, oa  
rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa

### IVALON SPONGE

rectal prolapse, 54, Sept, s

### JAUNDICE

cost effectiveness of tests to determine etiology of jaundice, 50, July, oa

### LARYNGECTOMY

surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa

### LIVER

hepatic trauma, 103, Oct, s

### MISSILE BALLISTICS

management of gunshot wounds, 11, Nov, oa

### MYOGLOBINURIA

rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa

### NUTRITION

relevance of nutrition to infection and sepsis, 50, Aug, s

### OBESITY

the failed gastric bypass: operative revision by partitioning of the excessively large pouch, 123, Oct, oa  
morbid obesity, 54, July, s

### PANCREATITIS

gallstone migration in acute pancreatitis, 14, July, oa

### PEDIATRIC SURGERY

necrotizing enterocolitis, 57, Nov, s  
vascular rings, 11, Dec, oa

### PLASTIC SURGERY

amniot: a useful biological dressing, 65, Aug, oa

### PROSTATECTOMY

a data base and recall system for surgical decisions, 53, Dec, oa

### RHABDOMYOLYSIS

rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa

### SALIVARY GLAND

a data base and recall system for surgical decisions, 53, Dec, oa  
SEPSIS

relevance of nutrition to infection and sepsis, 50, Aug, s

### SHUNT, TRACHEOESOPHAGEAL

surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa

### STAPLERS, SURGICAL

morbidity obesity, 54, July, s

### STROKE

the surgical management of proximal subclavian-vertebral stenosis, 11, Sept, oa

### SUTURES

surgical suture materials, 33, July, oa

### TENDON SLING

surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa

### THIERSCH PROCEDURE

rectal prolapse, 54, Sept, s

### THORACOTOMY

management of gunshot wounds, 11, Nov, oa

### THYROID

the role of interstitial irradiation in the treatment of thyroid cancer, 36, Sept, oa

### TRACHEAL COMPRESSION

vascular rings, 11, Dec, oa

### TRAUMA

hepatic trauma, 103, Oct, s

### TUMOR GROWTH

how do cancers grow: doubling times, cell kinetics, Dr. Darwin and Mr. Gompertz, 41, Oct, oa

### ULCERS, DECUBITUS

cutaneous wounds, 73, Dec, s

noninvasive assessment of wound healing potentials and determination of amputation level, 30, July, oa

### ULCERS, PEPTIC

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa

### UROLOGY

therapeutic application of epsilon aminocaproic acid in the urology patient, 23, Sept, oa

### VAGOTOMY

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa  
indications and operations of choice for patients with gastroduodenal ulcers, 11, Oct, oa

### VASCULAR SURGERY

rhabdomyolysis secondary to sudden arterial occlusions: a key to renal-metabolic complications, 33, Dec, oa  
the surgical management of proximal subclavian-vertebral artery stenosis, 11, Sept, oa

### VOICE RESTORATION

surgical restoration of the voice after total laryngectomy: tendon techniques, 37, Nov, oa

### WOUND MANAGEMENT

amniotic: a useful biological dressing, 65, Aug, oa  
cutaneous wounds, 73, Dec, s  
management of gunshot wounds, 11, Nov, oa

### ZOLLINGER-ELLISON SYNDROME

diagnosis and treatment of recurrent peptic ulcer, 11, Aug, oa
